

HydraMaster Introduces New Financing Plan

MUKILTEO, WA -- Hathaway Capital and HydraMaster, a maker of carpet cleaning machines, have teamed up to offer a special financing program specifically designed for purchasers of new HydraMaster truckmount cleaning equipment.

Hathaway is a nationwide financing service that specializes in providing financing and leasing programs exclusively for carpet cleaners and restoration companies.

HydraMaster, founded nearly 40 years ago, is currently a leading manufacturer of truckmounts and related carpet cleaning tools and equipment, including the CDS, clutch drive system, which helps transform a truck or van into a total cleaning system with the turn of a key.

According to Daren Watts, head of marketing for HydraMaster, the new financing program is available with a minimum purchase of \$15,000 (taxes and installation charges included) of HydraMaster equipment.

"Among the options, borrowers can make no payments at all for up to six months or pay as little as \$100 per month for the first 12 months," says Watts. "With the current credit crunch impacting so many industries, these are really exceptionally good terms."

The program will continue through the end of this year. Applications are available at all HydraMaster distributors throughout the United States. Watts also adds that the application process was designed to be very easy to complete and applications will be processed quickly.

For more information, visit www.hydramaster.com or call toll free 1-800-426-1301.

HydraMaster manufactures a wide range of carpet cleaning equipment and machines and has created such innovations as the electric clutch, to enhance flood extraction, and early pump-out systems, direct drive systems, and leads the industry in high efficiency cleaning and fast drying technology.
