PETERBOROUGH, ON -- Enviro-Solutions announces that two new U.S. distributors have joined its sales team along with a new manufacturers' rep. Based in Peterborough, Canada, Enviro-Solutions is a manufacturer of green cleaning chemicals and products. The company has been manufacturing environmentally preferable cleaning products for nearly 15 years.

According to Mike Sawchuk, vice president and general manager of Enviro-Solutions, the two new distributors are:

- Thoroughbred Sanitary Supply, Cincinnati, OH
- ESG, Fayetteville, NC

"These two distributors place a great emphasis on Green cleaning and have become local experts on the subject," says Sawchuk. "They also view selling environmentally preferable cleaning products as a way to grow their businesses and sales."

The manufacturers' rep joining Enviro-Solutions is Moon Marketing, Kansas, MO. "We've always been very choosy about which manufacturers we represent," says Doug Moon, president of Moon Marketing. "Enviro-Solutions impressed us because they are not "the new guy on the block," but have been manufacturing Green cleaning products for quite awhile."

Sawchuk adds that his company experienced considerable growth last year, exceeding expectations. "We see 2007 as another banner year," he says, "for us as well as distributors utilizing Green to grow market share and sales."
