[Kills MRSA and Is Green Certified As Well](#)

The news reports are everywhere. "School officials warn parents of recent cases of MRSA. Several students have been diagnosed with it." Fortunately, Enviro-Solutions has two very effective neutral cleaner/disinfectants - ES 64 and ES 256 - so powerful they kill the bacteria that causes MRSA as well as 30 other types of bacteria, fungi, and viruses. Even more, they are approved for hospital use. Use ES 64 and ES 256 as instructed to disinfect floors, walls, and counters and to clean toilets and urinals; no rinsing is necessary.

For more information, visit Enviro-Solutions at www.enviro-solution.com, and click on the Product Selection section or Resource Center/Technical Reports and Presentations (section "1d") for more product information, or call toll-free: 877-674-4373.
