## Enviro-Solutions Introduces Multipurpose Cleaner

07/10/2006

PETERBOROUGH, ONT.—Enviro-Solutions introduces an all new multipurpose cleaner—71C—combining the cleaning power of hydrogen peroxide with citrus oil.

Depending on dilution, 71C can be used to safely clean glass, mirrors, floors, tile and grout, walls, and virtually all surfaces. It also can be used as a carpet extraction cleaner and spotter.

The hydrogen peroxide helps dissolve soils, stains and eliminates odors. Moreover, because it is Green Seal and Carpet Rug Institute certified, it is safe, effective, and cost competitive as well.

For more information, visit [Enviro-Solutions](http://www.enviro-solutions.com).
