## Mega Distributor Joins Enviro-Solutions Team

August 22, 2007

Peterborough, Canada—Burke Supply, one of the largest and, at nearly 60 years old, one of the oldest janitorial distributors in the New York City area, has just partnered with Enviro-Solutions to market the company's Green cleaning products and supplies. Burke Supply has approximately 180 employees and serves more than 9,000 customers.

Enviro-Solutions is a leading manufacturer of environmentally preferable, Green-certified cleaning products based in Peterborough, Canada. According to Mike Sawchuk, the company's vice president and general manager, "We are proud that Burke has become an Enviro-Solutions distributor. Not only are they one of the largest distributorships in the country, but they are well-known for exemplary service to their customers and for leading-edge solutions to their cleaning challenges."

Ken Scott, sales manager for Burke, says that his company has always tried to select "best-in-class" manufacturers to represent, which is one of the key reasons for his firm's longevity and success. "We realized right away the quality and value Enviro-Solutions' Green cleaning products offered and we believe they will help us grow incremental sales and market share in the Green cleaning market," adds Scott.
