From Cradle to Carpet

HydraMaster introduces the new HydraCradle Tank system.

This durable, rust-proof system features a “live center” vacuum hose reel with powered retraction. It stores up to 250 feet of two-inch vacuum hose and HydraCradle’s 125 gallons of usable tank capacity delivers 22 gallons more capacity than its nearest competition.

Plus the unit can accommodate up to three roto-molded reels for solution and garden hoses, with the option of adding live centers.

The HydraCradle is not only innovative, durable, and reliable but loaded with user-friendly features that make your job easier.

For more information, visit www.hydramaster.com, or call toll-free: 800-426-1301.
