Go Ahead ... Use My Home Urinal

Press Release

Tags: [home urinal](#), [Waterless Co.](#), [Waterless No-Flush urinal Press Release](#)

Home urinals are catching on. First found in high-end homes, many people are installing them when building or retrofitting all types of homes.

Waterless Co, developer of the original Waterless No-Flush™ urinal, introduces a new line of no-water urinals specially made for home use.

Small, stylish, relatively inexpensive to purchase and install, and quick and easy to clean and maintain, these home urinals start as novelties but quickly become necessities.

And because these urinals stay dry, bacteria does not grow -helping to keep home bathrooms sanitary and odor free.

For more information, visit www.waterless.com, or call toll-free: 800-244-6364.

This press release is presented without editing for your information. MOTHER EARTH NEWS does not recommend, approve or endorse the products and/or services offered. You should use your own judgment and evaluate products and services carefully before deciding to purchase.
