Wipe-Away Cleaning

Tests confirm, the longer cleaning cloths are used, the more soil they spread around.

That's right. Germs and bacteria are actually spread to other surfaces instead of removed in the cleaning process.

Now Kaivac® introduces a low cost solution to the problem-the all-new KaiWipes(TM).

Effective wet or dry-with or without cleaning solution-KaiWipes are perfect for daily, spot, hygienic, and high-touch cleaning as well as thorough disinfection.

Made of extra-strength, disinfectant-compatible fibers, they come in a reusable, recyclable canister with low-cost refills, perfect for Green cleaning.
