Powr-Flite's Multiwash Scrubber

The [Multiwash 14 Micro-Automatic Scrubber](#) from Powr-Flite is designed to wash, mop, scrub, and dry hard-surface floors all in one pass.

The system uses cylindrical brush technology to deep-clean porous tile and grout and generates 650 rpm of scrubbing power. The system is also perfect for cleaning uneven surfaces.

And if that's not enough, there are two more pluses you should know about:

The "14" is quiet, perfect for Day Cleaning settings, and it uses 30 percent less chemical and water...making it a Green cost saver as well.

For more information, visit www.powr-flite.com, or call toll-free: 800-880-2013.

About Powr-Flite

Established more than 40 years ago, Powr-Flite manufactures a full line of floor-care equipment and carpet extractors for the professional cleaning industry. Based in Fort Worth, TX, the company has over 20 patented designs and its products are recognized throughout the world for their innovation, durability, quality and performance. Their products are marketed directly to end-use customers as well as through distributors throughout the North America, Europe and the Far East.
