New Torrent Washes Away Dirt

Nothing washes away grit and grime like a torrent of water. That's why the new Torrent 1200 PSI Industrial Hard Floor Cleaner is the perfect machine for deep cleaning tile and grout as well as surfaces damaged by floods and other disasters.

Direct feed, high-pressure water adjustable from 400 to 1200 psi, loosens and removes soils, which are carried away by an auto-dump pump.

And, the Torrent's compact design allows it to easily fit into most vehicles. Its dual 3-stage vacuums are located at the *top* of the machine for improved airflow and maximum water recovery.
