OmniFlex Cleaning System Cleans Just About Any Surface

Kaivac's new OmniFlex(TM) Crossover Cleaning System cleans just about any surface anywhere and can grow with add-ons when needed as needed.

The OmniFlex starts with the industry's most versatile trolley-bucket system that dispenses solution directly to the floor or through an optional hose accessory. Multiple tool rack options are available and can be attached to the trolley-bucket.

From here, users can power up by creating a complete dispense-and-vac or spray-and-squeegee system for cleaning floors or a complete-and powerful-spray-and-vac system for cleaning restrooms top to bottom.

For more information, call 800-287-1136, visit www.kaivac.com.

About Kaivac

Headquartered in Hamilton, OH, Kaivac, Inc. delivers complete science-based cleaning systems designed to produce healthy results and outcomes while raising the value of cleaning operations and the professionalism of the worker.
