PEX Series

[Web site](#) | [company information](#)

The PEX series of super-quiet portable extractors have an upright dolly design, large roller wheels, roller handles and front lift so one person can load/unload, maneuver and easily transport the machines. Available in two sizes, the CRI Silver-certified 200 has an adjustable psi of 50 to 200 and the CRI Gold-certified 500 has an adjustable psi of 50 to 500.
