[Tornado's new PV 6 Pac-Vac®](#)

**To say Tornado's all-new, PV 6 Pac-Vac® backpack vacuum cleaner improves worker productivity is an understatement. This whisper-quiet little machine vacuums more than 7,000 square feet in an hour. Compare this to a conventional 14-in. upright that cleans little more than 3,000 sq. ft. per hour and you see first-hand what worker productivity—and cost savings—are all about. And don't let the yellow case fool you. This is a Green, true-HEPA vacuum cleaner, protecting the user's health and the environment.**
