Press release date: January 4, 2012

CFR, manufacturers of filtering and recycling carpet extractors that dramatically reduce water usage now takes Green a step further with its full line of Green-certified chemical offerings.

Eco-Excell prespray cleaner, Eco-Reclaim for restoration cleaning, Eco-Defoam for foam control, and Eco-All-Purpose Spotter are specially designed for use with all CFR extractor systems and are recognized as environmentally safe by the U.S. EPA's Design for the Environment (DfE) program.

Not only are they environmentally friendly, they make your job easier, faster, and more lucrative.

For more information, call 800-533-2557, visit www.cfrcorp.com.

About CFR, a Tacony Company

CFR designs and manufactures a complete range of eco-friendly carpet cleaning systems and high performance specialty tools with an innovative, patented technology that is radically different from other carpet cleaning systems. Continuous Flow Recycling (CFR)

technology provides superior moisture-controlled cleaning, faster drying times, and increased cleaning productivity that is unmatched compared to standard carpet extractors on the market today. Through a state-of-the-art recycling filtration system, coupled with moisture-controlled atomization wand technology to minimize carpet moisture, CFR is the Greenest carpet cleaning system in the industry today.
