KCP Introduces KIMCARE™ Continuous Air Freshener
To keep restrooms smelling fresh around the clock, Kimberly-Clark Professional has introduced the new KIMCARE™ Continuous Air Freshener, a powerful, inexpensive, low-maintenance system. The easy-to-install system is self-powered and lasts for 60 days on a single cartridge. It offers reliability and easy maintenance, with no moving parts that can break, no expensive dispensers, and no batteries to replace. The KIMCARE Continuous Air Freshener is available with five fresh-smelling scents: Meadow, Arctic, Ocean, Forest and Citrus. Dispensers come in white and black.

EcoTrap® by Waterless Co. LLC

The EcoTrap® drain insert developed by Waterless No-Flush™ urinals is as simple as it is effective. With the EcoTrap system, urine passes down the drain through a floating layer of BlueSeal®. Together, the EcoTrap and BlueSeal form a barrier so sewer vapors and odors cannot harm indoor air quality. In addition, the EcoTrap is the least costly of the no-water urinal inserts. BlueSeal can be used with any commercially available cleaner.

ES58 Envirocide Odor Eliminator from Enviro-Solutions

ES58 Envirocide Odor Eliminator from Enviro-Solutions is not a cover-up but a true odor killer, eliminating odors at their source. ES58 is a blend of essential oils that absorbs and neutralizes odors. Spray it on virtually all surfaces - even carpets, upholstery and curtains, as well as pet areas and trash cans - to eradicate odors from smoke, urine, feces and mildew. As powerful as it is, it is also safer for users, building occupants and the environment - and it is Green-certified by EcoLogo™.

Air-Scent® Introduces New Modular Air Freshener Dispenser and Refill System

Air-Scent® International is announcing immediate availability of its Aeon Air Freshener Dispenser and G-Force Technology refill. The compact Aeon dispenser converts from a passive diffuser to a battery-powered fan diffuser with a simple snap-in module. G-Force Technology refills are available in two types: a passive refill which lasts for a full 60 days and, for extra power and performance, a refill with an integrated battery to drive the fan module. Plus, G-Force Technology refills will fit many existing air freshener dispensers. A variety of fragrances is available.
