Restores Like Never Before

Enviro-Solutions introduces ES-RESTORE, an entirely new floorcare technology that not only cleans and polishes floors but helps improve slip resistance, enhancing safety in all types of facilities.

ES-RESTORE can be applied with a mop or autoscrubber. Allow to dry, and then spray buff or burnish for a high-gloss, “wet-look” shine. It resists stains, grit, scuff marks, and scratches.

ES RESTORE helps stretch-out floor refinishing cycles, making it cost effective and reducing floorcare's impact on the environment. Even more, RESTORE is EcoLogo™ certified, and UL approved, so you know it is safe, effective, and environmentally preferable.

For more information, visit www.enviro-solution.com, or call toll-free: 877-674-4373.
