Secret Cleaning Power

The Cobra-H hot-water carpet extractor from U.S. Products is perfect for tackling the nastiest carpet cleaning jobs on auto carpets, floor mats, and upholstery.

The secret to its cleaning power: heat. The Cobra-H features an internal heat exchanger to maintain 212° (F) at the wand tip. Heat helps loosen and dissolve soils for quicker, more effective removal from carpet and upholstery fibers.

This low-moisture system also has dual two-stage vacuums supplying 150 psi of waterlift that helps not only prolong vacuum motor life but improve drying times.

For more information, visit www.usproducts.com/carcare, or call toll-free: 800-257-7982.
