### **The Wet/Dry Vacs That Are Productivity Boosters**

The all-new PF 56 and PF 58 wet/dry vacuums are the most versatile tank vacuums available. These powerhouse systems come complete with a 10-foot hose, two-piece wand, 14-inch carpet tool and squeegee tool, crevice tool, and dusting tool.

The secure swivel hose connector allows 360-degree hose rotation, helping to improve worker productivity considerably.

Use the PF 56/58 to vacuum up dry debris as well as liquid spills. It's perfect when refinishing floors to collect liquefied floor finish and soil, speeding up floorcare maintenance considerably.
