Product Brief

“Green” Torrent Does Double Duty

The new Torrent from U.S. Products cleans hard surfaces using up to 1,200 psi and cleans carpets, too.

On hard-surface floors, the direct-feed Torrent pressure washes surfaces, loosening contaminants that are then vacuumed up and pumped out—leaving the area dry and the area ready for use

For carpet extraction, the Torrent’s industrial strength pump can be adjusted to 500 psi and withstand water temperatures up to 185° F, improving cleaning effectiveness, speeding drying time, and helping to Green carpet cleaning.

For more information, visit www.usproducts.com, or call toll-free: 800-257-7982.

U.S. Products has been manufacturing carpet, drapery, upholstery, restoration, and ceiling cleaning equipment for more than 25 years. The company is well known for its innovative internal heating systems that deliver 212 degrees at the wand tip, top-quality components, and solid-state circuitry for precise operation and equipment control.
