Hotel Housekeepers Ask for It All the Time

Hotel housekeepers want a vacuum cleaner that's powerful, effective, and light. And now they've got it with Tornado'sR all-new CK LW 13/1.

This powerhouse weighs just eight pounds, making it one of the lightest professional vacuums on the market.

But it's not light on power. The CK LW 13/1 delivers an incredible 160 cfm. That's because it has dual-fan technology, which helps double its vacuuming power.

And, because it's built of polypropylene materials and aluminum, you can expect the CK LW 13/1 to last, and last, and last.
